

DOG-ON-IT PARKS

DOG-ON-IT-PARKS.COM

Cool off with our exclusive Spray Hydrant! Cast and rotationally molded from an authentic fire hydrant, we use durable reinforced resin and a UV clear coat to ensure years of fun. The hydrant's base is factory drilled to accommodate four 1/2" anchor bolts and the interior plumbing components include the completely plumbed valve mechanism with shut off drain valve, pressure reducer and back-flow preventer. Standard color is red, but custom colors and logos are available.
